HITLER "FIRES" DR. SCHACHT AS BANK CHIEFTAIN

Great Reichsbank Is Put
Under Control of
Nazi Party

BARTER SALESMAN FUNK TO DIRECT

Schacht Retained In Cab-
inet with Unnamed
Special Duties

MELVIN K. WHITELEATHER.
BERLIN, Jan. 20.—Chancellor
Hitler today shelved Dr. Hjalmar
Schacht, Nazi Germany's high-
colored money wizard, in a lightning
move which thrust the great Reichs-
bank under control of the Nazi
party.

The bank, which under the able
hand of Schacht had retained com-
parative independence, was placed
under the presidency of retored
Walther Funk, minister of econ-
omics and number one barter
salesman.

Only today Funk published a blast
at the United States, asserting Ger-
many would buy from the Balkans
and Turkey the goods she used to
get from America.

Orders From Hitler

Just at breakfast time Funk re-
ceived a letter from Hitler's new
chancellor, giving him three spe-
cific tasks.

The most important of these was
Hitler's request that he transform
the Schacht-controlled institution
into a German bank of issue un-
conditionally subjected to the sov-
ereignty of the state in conformity
with national socialist principles.

The other two tasks given Funk
were to carry out the right-hand man
as director of the four-year plan—
and to safeguard the "absolute sta-
bility of wages and prices and
thereby continue to maintain the
value of the mark."

To "enlarge the capital market
for private needs."

The Reichsbank under the Dawes
plan was made into a semi-inde-
pendent organization with foreign
shareholders. Although foreign in-
fluence was eliminated by the de-
cree of Feb. 10, 1937, the 62-year-
old Schacht ran the bank as his
own and often got into hot water
with the Nazis over their huge ex-
penditures and purposes for which
the money went.

Retained In Cabinet

Schacht, who had been in the
cabinet as minister without por-
tfolio, was retained in the cabinet
with unnamed "special duties."

SALEM'S SCOUTS TO HAVE DINNER

Outline Plans for Annual
Get-Together On
Feb. 14

Salem Boy Scouts will hold their
annual get-together and coverdish
supper on Feb. 14 at the Memorial
building, Commissioner Eddie Ho-
well announced today.

The affair always takes place
during Scout anniversary week,
which will be Feb. 6-14.

The scouts and leaders have
made 35 reservations for the an-
nual banquet of the Columbiana
County Boy Scout council in Lis-
bon next Wednesday night.

Scout leaders and troop commit-
teemen will meet at the Memorial
building Feb. 6 for a health and
safety meeting which will feature
an address by an official of the na-
tional Boy Scout office, New York
city.

A court of honor for the scouts
was held last night, the results of
which were announced today by
Commissioner Howell.

Those who passed class tests are
Earl Miller, troop No. 2; William
Hannay, troop No. 5; Norman Flick,
troop No. 5 and Richard Goldberg,
troop No. 56.

First class, Billy Mullins, troop
No. 3. Merit badge for wood carving,
Robert Mitchell, troop No. 2,
and merit badge for handicraft,
Herbert Hansell, troop No. 2.

Besides Howell, the court of
honor committee comprised Joe
H. Sharp, M. H. Mawhinney, Ken-
neth Wirtz and Russell Gibbs.

Men's Club Formed At Church Meeting

Organization of a men's club was
effected at a meeting last night in
the Methodist Episcopal church at
which Dr. Schuyler Garth, pastor of
the Trinity M. E. church of
Youngstown, was the chief speaker.

Harold M. Williams, high school
principal, was named president.
Other officers are: Vice president,
Russell Gibbs; treasurer, H. F.
Wykoff; secretary, Charles Mc-
Corkhill.

A meeting of the officers and
committee chairmen will be held
next Wednesday. President Wil-
liams announced today, to discuss
plans for future activities.

The program at last night's
meeting followed dinner at 6:30.
Vocal selections were given by Dr.
George F. Jones.

"Where Do You Live?" was Dr.
Garth's subject, in which he point-
ed out to his hearers that it mat-
tered not, so long as they live right.

Hunt for Bandit

LISBON, Jan. 20.—Sheriff Harry
Gosney Thursday afternoon was
asked to take part in a search for
an armed bandit who obtained be-
tween \$700 and \$800 in a holdup at

Pa.

The bandit was driving a coupe
stolen from an East Liverpool res-
ident Tuesday. State police broad-
cast a description of the man.

RELIEF SLASH BLAME PLACED UPON CONGRESS

Hundreds of Letters, Cit-
ing Responsibility,
Sent Out by FDR

PUBLIC SUPPORT APPEAL IS MADE

President's Annual Mes-
sage Quoted In
Letters

(By Associated Press)
WASHINGTON, Jan. 20.—The
White House, it was learned today,
has sent out hundreds of letters
this week designed to place square-
ly on congress responsibility for
any reduction in federal relief ac-
tivities.

Amid senatorial talks of a com-
promise on a temporary winter re-
lief fund, the letters—signed by
Stephen Early, President Roose-
velt's press secretary—have gone to
persons who have written or tele-
graphed the President about the
pending WPA appropriation bill.

Mr. Roosevelt asked for \$875,000-
000. The house chopped off \$150-
000,000. Some senators have ad-
vocated an even greater reduction.

Quote President

Early's letters have quoted a
statement from the President's an-
nual message that congress alone
has the power to determine ap-
propriations.

One letter, sent in response to a
telegraphed protest to the slash,
continued:

"The request of the president for
an appropriation of \$875,000,000
was based on continuing approximately
3,000,000 persons on work relief
during the winter months, and de-
creasing that number to about 2-
700,000 persons by June. If the con-
gress should see fit to decrease the
appropriation which the President
has recommended, it is obvious that
a very much larger number of per-
sons on relief will have to be dis-
charged."

"I assure you that the needs of
WPA are very close to the Presi-
dent's heart. I can say very truth-
fully that none of the numerous
other problems of government re-
ceives more time nor more personal
attention than the President now is
giving this question."

Seeks Public Support

The fact that the White House
was sending out such letters was
regarded by well-informed persons
as another evidence of administra-
tion efforts to swing strong public
support behind the President's re-
lief request.

In the senate, administration
forces opposed a compromise sug-
gestion that congress vote \$388,000-
000 for the WPA for the next two
months and then make another
appropriation on the basis of spring
business conditions.

Economy advocates expressed be-
lief they could force acceptance of
such a compromise because it would
keep 3,000,000 persons on WPA
rolls in February and March, thus
meeting the major objection to
trimming the \$875,000,000 fund.

"Jaycees" Sponsor "Pro" Boxing Show

Further plans for a professional
boxing show, to be held at the Me-
morial building Feb. 7, were made
by members of the Salem Junior
Chamber of Commerce at a meet-
ing last night.

Proceeds of the show will be used
to purchase a new hot water sys-
tem for the Memorial building.

More than 50 members were
present at the meeting to hear
Att'y W. Edmund Peters give an
interesting account of his experi-
ences while an agent for the fed-
eral bureau of investigation. Ten
visitors were present. Herbert
Brown gave a report of the recent
state meeting at Warren.

Music was provided by the Top-
pers, headed by Tyrus Schwartz,
who plays an electric guitar.

Another general meeting of the
Junior C. of C. will be held next
Tuesday night at the Memorial
building.

Radio and Screen Entertainers to Testify at Benny Trial

Story of how Albert N. Chaperau, pseudo-diplomat, smuggled jewels
past customs men in New York and into the hands of his Broadway
and Hollywood clients is expected to be unfolded in New York fed-
eral court, when Jack Benny, the radio comedian, goes on
trial on smuggling charges. Several other well-known comedians
will be on hand as government witnesses. They include Jack's wife,
Mary Livingstone, George Burns and Gracie Allen, Kenny Baker,

of the Benny troupe, and Jack Pearl, the "Baron Munchausen" of the
radio. Burns, who was himself indicted, surrendered and pleaded
guilty. Benny admits to purchasing jewels valued at more than
\$2,000, but denies that he had any knowledge that they were to be
smuggled into the United States by Chaperau, who pleaded guilty
to counts involving him with Mrs. Elma N. Lauer, wife of a New
York state supreme court justice. Mrs. Lauer also pleaded guilty

of the Benny troupe, and Jack Pearl, the "Baron Munchausen" of the
radio. Burns, who was himself indicted, surrendered and pleaded
guilty. Benny admits to purchasing jewels valued at more than

32 TRUE BILLS, IN ALL, RETURNED

51 Cases Taken Up, 16
Ignored and Three
Continued

LISBON, Jan. 20.—Thirty-two in-
dictments, 14 of them secret and
believed to name gambling law vi-
olators, were returned late Thursday
afternoon by the Columbiana county
January grand jury, concluding a
nine-day probe aimed at slot ma-
chine operators as well as in-
dividuals bound over from municipal
and justice of the peace courts.

Sheriff Harry Gosney and his
deputies today started capias service
on those named in the secret true
bills, the majority of whom are ex-
pected to enter pleas next week.
The balance of those indicted are
either at liberty under bond or
awaiting arraignment in the county
jail.

Hear 129 Witnesses

The grand jury heard 129 wit-
nesses, considered 51 cases, ignored
16 and continued three. Twenty
individuals were named in the 18
true bills made public—two of the
indictments being joint.

The indicted persons are: Ursen
McKee, Columbiana, larceny; Paul
Ford, Lisbon, larceny; Harry Lester,
Unity township, forgery; Kenneth
Powell and Floyd Thomas, East
Liverpool, assault. (Joint indict-
ment); Charles Tullis, Rogers, op-
erating a motor vehicle without the
influence of alcohol; Russ Hig-
gins, East Liverpool, operating a
motor vehicle without the owner's
consent.

Paul Barnes, Salem, operating a
motor vehicle without the owner's
consent; Carl L. Matthews, Salem,
issuing a worthless check; George
Blair and Russell Frankenburg,
Rogers, operating a motor vehicle
without the owner's consent (joint
indictment); Albert Meredith, Col-
umbiana, driving while intoxicated.

Man, Known Here, Defends Operation Of His Hog Farm

MEDINA, Jan. 20.—An over-
all-cad guard with a shotgun stood
sentry at a sign proclaiming Medina
county as "The Home of the Gar-
bage Fed Hog, the Garbage Dumping
Ground for Cuyahoga County," and
the "feudin'" between Hog Farmer
Frank H. Harper and gentlemen
farmers resumed today.

At night, the huge sign erected
on the 100-acre estate of E. L. Eys-
sen is illuminated. Eysen, vice
president of a Toledo and Cleveland
wholesale hardware house, set up
the sign to protest garbage odors
from Harper's neighboring hog
farm.

Harper hauls about 22 tons of
garbage a day from Cleveland
Heights and gets \$1,800 a month for
disposing of it. Some of it he feeds
to his hogs.

Harper announced he would con-
tinue feeding garbage to his 1,000
hogs despite the signboard.

"I've got \$75,000 worth of equip-
ment in this place," he declared.
"I'm running a legitimate business
enterprise. This country around
here is strictly farming land. Eys-
sen should know that."

Medina county health authorities
stayed out of the feud.

ECONOMY SEEN AS RELIEF KEY

Legislature, Apparently,
Will Require Match-
ing Program

(By Associated Press)
COLUMBUS, Jan. 20.—Ohio's
cities and counties with heavy poor
relief burdens were faced today
with the prospect of economizing
before they can receive state funds
for the indigent.

It is apparent the legislature will
require them to match with local
funds each dollar of the \$5,000,000
proposed for distribution in the
temporary relief bill.

In reply to the local government
officials' protest that they had no
money with which to match, the
administration submitted legislation
designed to help them rearrange
their finances and show them they
could pay half the cost of relief
out of their present revenues.

Embraces Four Bills

J. Harry McGregor, Republican
floor leader in the house, said he
believed that the program, which
embraces four bills, would enable
the cities to raise \$5,000,000 for
relief if "they stretch a point."

One municipal official said pri-
vately that the only way the cities
could take advantage of the plan
would be by reducing operating ex-
penses and cutting salaries, particu-
larly those of firemen and police-
men.

The administration's plan would
enable the cities and counties to
transfer for relief use money from
funds now earmarked for other
purposes. The officials would be al-
lowed an indefinite period in which
to repay the loans.

One measure would permit mu-

Talk on Western Reserve Ends Institute Program

Business Bureau Conducts Final Session; Institute
Play To Be Presented Saturday

A program in charge of the Salem Business Bureau last night
brought 11th annual Salem Farmers Institute to a successful close.

The program, featuring a talk by Dr. Charles L. Smith and a slight
of hand performance by Will F. Ross, was held in the High school au-
ditorium. T. E. Miller, president of the Business Bureau, presided.

Five hundred persons returned for last evening's program, following
morning and afternoon sessions at the Memorial building for the past
two days. More than 700 farmers crowded the Memorial building au-
ditorium for each session. Institute officers estimated total attendance at
\$300.

Coxey Favors \$200 Month Pension for Aged Ohio Persons

MASSILLON, Jan. 20.—A plan to
give every Ohioan over 50 years of
age a \$200-a-month pension has
been proposed by Jacob S. Coxey,
whose "army" of jobless marched
on Washington in 1893.

Coxey, addressing a service club
yesterday, said:

"A foundation guarantee trust
fund of \$1,000,000,000 would be es-
tablished to cover warrants for the
\$200-a-month pensions, payable in
advance on the first of each month.

"The plan would work on a pay-
as-you-go basis by authorizing a
three, and not to exceed six, per
cent gross transaction tax on all
business transactions."

Coxey said his program also
would give expectant mothers \$400,
\$500 death benefit for all residents
of the state and \$200 a month to
persons physically or mentally in-
capacitated.

Obscure Chorus Girl Gets Share In Ruppert Estate

Helen Winthrop Weyant Is Named One of Three
Chief Beneficiaries In Will

NEW YORK, Jan. 20.—A young
and comparatively unknown young
woman, Helen Winthrop Weyant,
was named one of the three chief
beneficiaries of the estate of Col.
Jacob Ruppert, millionaire bachelor
and owner of the New York
Yankees Baseball club, whose will
was filed for probate in county sur-
rogate's court today. His fortune
has been variously estimated at
\$30,000,000 to \$70,000,000.

The other principal beneficiaries
are Helen Ruppert Sillock and Ruth
Rita Sillock, nieces of Colonel Rup-
pert who died last Friday in his
Fifth avenue home after a pro-
tracted illness. He was 71.

Has Other Name.
Helen Winthrop Weyant, the
will declared, is "sometimes known
as Winthrop Wayne."

Byron Clark, Jr., one of Col. Rup-
pert's attorneys, said she was "a
very dear friend of the Colonel's
and I have met her socially. She
is very charming."

And at the offices of Chorus
Equity, the AFL union to which
chorus girls belong, it was said
that a "Winthrop Wayne" was
listed as a member and had ap-
peared in several musical shows,
among them "The Merry Malones"
and "Three Cheers."

Nobody at the Yankee offices,
however, could identify her.

Under the terms of the will all
of the capital stock of the Ruppert
Holding Corporation, which holds
the stock of the Yankee club, is
divided into three parts for the
benefit of the nieces and Helen
Winthrop Weyant.

ARMY TO DOUBLE CANAL STRENGTH

New Plan Would Provide
"Adequate Peace
Garrison"

(By Associated Press)
WASHINGTON, Jan. 20.—The
army proposes to double its present
force of about 13,000 men in the
Panama canal zone to provide the
"adequate peace garrison" which
President Roosevelt urged in his
\$552,000,000 defense recommenda-
tions.

This authoritative disclosure was
made today after army officers pri-
vately outlined to the house mili-
tary committee the war depart-
ment's plans to reinforce the vital
waterway.

The present garrison is insufficient
to man existing anti-aircraft and
coast defense guns, the committee
was told by Brig. Gen. George C.
Marshall, deputy chief of staff, and
George V. Strong, head of the gen-
eral staff's war plans division.

More Men Needed

Officials contended that new
weapons of this kind, more war
planes, a highway that would ex-
tend the scope of the canal's de-
fense far into the adjoining Re-
public of Panama—all provided for
in the administration's arms pro-
gram—call for a force of at least
26,000 officers and men.

Rep. Thomas (D., N. J.) said
there should be a "physical inspec-
tion of every ship that passes
through the canal in order to guard
against sabotage. At present, he
said, only ships' papers are ex-
amined."

Meanwhile, legislation to author-
ize a large part of the defense pro-
gram has been introduced. Chair-
man Vinson (D., Ga.) and Walsh
(D., Mass.) of the house and senate
naval committees offered bills yester-
day to give the navy a dozen new

WPA Employees 2,900 On County Projects

A total of 2,900 men and women
are employed on the WPA program
in Columbiana county. It was an-
nounced today by Fred L. Roose,
Akhon district director.

Throughout district No. 5, which
constitutes 13 counties of north-
eastern Ohio, 51,606 men and wo-
men are employed on the work re-
lief program.

The WPA program has two major
units, the operations division and
the women's and professional di-
vision. Approximately 2,900 WPA
workers are employed in the opera-
tions unit, which includes all con-
struction projects.

The women's and professional
division of WPA in Columbiana
county is employing 210 men and
women at the present time.

NEW ELECTRIC FRANCHISE

A study of the new franchise sought by the Ohio Edison company reveals that it provides only one change, aside from its expiration date, over the present franchise. That change means a considerable saving in light bills to hundreds of individual consumers as well as to the city. The rate reduction will mean an annual saving to the city of nearly \$900 a year, based on last year's consumption, and another saving of several thousand dollars to private consumers.

In return the city grants nothing that is not contained in the present franchise. By its terms it is not even bound to protect the Ohio Edison company from competition. No strings are attached to keep other companies, or even the city, out of the field. It merely gives the company assurance that it may operate beyond the time limits of the present franchise. That assurance it seeks in order that it may develop an expansion and improvement program.

In view of its rate reduction and the excellent service it has given the community, it seems proper that such assurance should be given by the city. The power company is the second largest taxpayer in the city. It has this large investment to protect and a commanding payroll to safeguard in behalf of its many employees. It appears that the city has everything to gain and nothing to lose in granting the new franchise.

THEY CAN'T ALL BE RIGHT

With relief now the subject of interest in Columbus and Washington, and with legislators in both places floundering in a maze of arithmetic and policies, it is distressingly plain what a blind alley government has entered.

Estimates of funds needed seem to vary in direct ratio to the political natures of those who make them. For David Lasser, president of the Workers Alliance, more than a billion dollars seems a proper amount to tide over federal relief till the end of next June.

For a conservative senator, half that much would be a great plenty. For Mayor LaGuardia of New York City \$915,000,000 sounds just right. For President Roosevelt, \$875,000,000 seems imperative. For an overwhelming majority of the house of representatives, \$725,000,000 is a proper figure.

In the report of special senate committee on the subject—a report submitted after 17 months of study—it was made clear that relief is a word which may mean different things to different persons, but should mean help to those who are without other means of support.

Might it be that some of the confusion as to what relief means could be averted by requiring each proponent and each opponent on any given issue to define his terms?

PERFECT COORDINATION

Everytime the war drums throb someone recommends wholesale reorganization of United States defense for the sake of closer coordination. The question will come up in congress shortly.

The commonest suggestion is to create a national defense department for army, navy and air operations. The existing army and navy departments with their separate aviation units would be abolished. The idea never gets to first base. In 1934 a military-civilian board under the chairmanship of the late Newton D. Baker probably put a finger on the reason. The board said a single department of defense would be simply too huge to handle; defense could be administered more economically by smaller departments.

When the question comes up in congress it's to be hoped some solon will rise to cite the example of Italy, which has separate ministries for army, navy, and air. Coordination is assured by the fact Benito Mussolini is minister of all three, besides being prime minister, head of the government, minister of the interior, and minister of Italian affairs in the continent of Africa. Coordination isn't an unmixed blessing.

PUPPETS

The world's largest puppet display is in progress in New York City—an announcement open to doubt. The world's most comprehensive collection of

puppets seems to be in numerous reaches of earth where millions of animated dolls marvelously equipped with real muscles, tissues, bones and nervous systems are being jerked to their destinies by mast puppeteers.

They are temporarily as helpless in the God-given right to control their own destinies as are puppets made of wood and glue, the main difference between them being that puppets can be used over and over again, whereas a man wears out.

Less the comparison be too depressing it should be remembered that puppets, having no brains, don't mind being manhandled. Men, when they have a chance to use their brains do mind it; history is largely a record of what they have been able to do about it.

Mr. and Mrs. Clifford Woods of Washingtonville are the parents of a daughter born at the home yesterday.

Forty-four Ford army touring cars arrived here at noon yesterday with a detachment of soldiers enroute to Kentucky to establish a new and permanent military camp. The camp will be known as Camp Knox.

Miss Loretta Kendig of Leetonia is spending a few days at the home of Mrs. Lee McCave.

Miss Marion Whitacre returned to her home in Cleveland this morning following a visit at the home of her mother, Mrs. Lorena Whitacre, West Main st.

Mr. and Mrs. Leroy Fisher and daughters Florence and Loraine of Alliance have concluded a visit at the home of Mrs. Arwilda Sharpnack.

Mr. and Mrs. W. E. Fawcett are spending several days with Mr. and Mrs. George Smith in Alliance.

Miss Marie Swennington has returned from a visit with friends in Massillon.

THE STARS SAY:

For Saturday, January 21.

Exciting and turbulent events may be looked for, judging by the very lively operations of the actuating planets, which work with whirlwind precipitancy. There may be sudden disruption and upheaval, seemingly of devastating and disintegrating force, but eventually this portent may rebound to very positive benefit, with gain in unexpected channels. The outcome depends upon discreet action, sound judgment and clever choice of which road to travel. Romance and adventure, elders and females have significance.

Those whose birthday it is may be prepared for a year of much turmoil and upheaval, with a devastating trend of events, which while seemingly at first perilous and disintegrating, in the end may serve to lucrative, happy and gratifying denouements. All depends upon calm action, good judgment and discretion. Drama, romance, adventure loom.

A child born on this day will be talented, studious, ingenious and inventive, creative in novel or unique avenues possibly leading to great heights of achievement and public acclaim, although all may not be plain sailing on the way.

STATE DEPARTMENTS REMAIN UNIMPAIRED

(By Associated Press)

COLUMBUS, Jan. 20.—Despite drastic personnel reductions during the last 10 days, heads of the state's populous highway, liquor, welfare and tax departments asserted today that operations of their divisions either were "virtually unimpaired," or "decidedly improved."

"We have merely been getting rid of a lot of unnecessary employees," asserted Robert S. Beightler, director of the highway department, which took an early lead in the job-cutting parade by eliminating more than 1,500 posts during the first ten days of Gov. John W. Bricker's administration.

Hangers-on Removed
"In addition to saving the state more than \$1,500,000 a year in salaries, we have improved the morale of the entire department by removing hangers-on and political appointees who did little or nothing in return for their pay."

Highway cuts hit every section of the state, and left the department today with approximately 6,300 employees, including the highway patrol and the bureau of motor vehicles. The department reached a new employment peak

in August, 1938, when 15,113 jobs were listed, compared with 7,828 during the corresponding month in 1937.

Carl W. Smith, chairman of the state civil service commission, estimated that there were approximately 25,000 persons on all state payrolls Jan. 1, 1939. This included 3,000 provisional appointees and about 5,000 laborers or unskilled employees.

Liquor Department Second
Second to the highway department in job abolishment was the department of liquor control, headed by Jacob B. Taylor, which fired approximately 350, including 265 store workers and 80-odd inspectors in the enforcement division. The department had about 1,600 employees Jan. 1.

"A survey showed that these persons were not needed," said Taylor, who estimated the saving on inspectors alone at more than \$300,000 a year in salaries and expenses. "Further eliminations will be made when the number of enforcement districts is reduced from 13 to five, and additional mergers have been completed within the division."

An annual saving estimated at \$186,000 was affected by the first slash of the welfare department, which, with approximately 5,000 employees, is second only to the highway division.

"This is only the first step," asserted Director Charles L. Sherwood, in abolishing 36 jobs and discharging 20 provisional appointees. "This division is grossly overstaffed in many respects. The weeding out will continue until the welfare department is restored to an economical, efficient administrative plane. I am sure that operations will be improved rather than hampered by these changes."

Frank Miller, chairman of the state tax commission, said his department had not been "seriously hurt" by elimination of more than 200 jobs due to a reduced appropriation. "We have been able to combine many duties," he added, "and operations are still about normal." The tax commission's payroll Jan. 1 listed approximately 900 workers. About half were in the sales and use tax division, which has experienced the most drastic cuts.

IT'S BEEN A GREAT SEASON FOR SKATERS!

"Miracles" Are Performed Through Medical Research

By LOGAN CLENDENING, M. D.
THE ROCKEFELLER Institute for medical research is still humming and turning out information of great service to humanity. I visited the hospital of the institute the other day to find out what they were doing about pneumonia, but I saw many other things as well.

A young man at a work desk was busily trephining eggs. He had a delicate circular saw run by electricity, with which he could cut a window in an egg with all the deftness and neatness and dispatch of the world. Eggs have been found to be splendid culture media for the viruses of certain infections—viruses that will grow only on living tissue. This young man's particular problem was to isolate the virus of rheumatism, of acute rheu-

matic fever. He hasn't found it, yet he is still earnestly trying.

Pneumonia, once the most dreaded of winter diseases, can be controlled quite well now by serum. In the last year or two the serum has been put on a thoroughly scientific basis and can now be wholeheartedly advocated.

Many Varieties
There are many varieties of the germ which causes pneumonia. It is officially named the pneumococcus, but among experts you have to say Pneumococcus Type I or Type VIII or Type XXXII, as the case may be.

In order to give serum scientifically the kind of pneumococcus the patient has must be typed. It is as simple to do this now than it was in the old days when I was using pneumonia serum in the army. Some ingenious research worker found that the jelly-like capsule

which surrounds the germ will swell if exposed to the anti-serum of that particular type of pneumococcus. So by using this method, the type can be determined in a few minutes.

This is important, for success depends on getting treatment started as early as possible.

I saw many patients and many fever charts which demonstrate conclusively that the patient's fever comes down immediately after giving the serum and that is a sign that healing has begun. If it goes up again, a simple skin test can be made which shows whether the patient has had enough serum. If not, more is given until a result is obtained.

Sulfanilamide Valuable
All the types of pneumonia respond, except only Type III. This is the most dangerous and fatal type, and serum has no effect on it. However, a new form of the drug sulfanilamide, which has been so successful in combating general bodily infections, is now being used with success in Type III pneumonia. In fact, this sulfanilamide-pyridine has been found valuable in all forms of pneumonia. So much so that temporarily the serums have been discarded in its favor.

Another research that is still in the speculative stage concerns still another pneumonia remedy. It is well known that after the crisis in pneumonia, the consolidation in the lung breaks up very rapidly. In a few days nobody could tell by looking at that lung that it had been the seat of a pneumonia. The substance which produces this forms in the blood and is called lysis. Somebody at the Rockefeller Institute found that lysis, of identical chemical construction, could be extracted from cabbage. Injected into the body of a pneumonia patient, it shortens the course of the infection.

Questions and Answers

J. E. T.: "What are the symptoms of thyroid trouble? Is X-ray successful in some cases, and what about operations?"

Answer—The symptoms of thyroid gland trouble are enlargement of the muscles, prominence of the eyes, loss of weight and a sense of warmth. The X-ray has been very successful in treating these cases. Surgical operations are also indicated at times.

OUR READERS

EUROPEAN TRENDS

Editor, The News:

We are living in the midst of an unsettled period of human history. The economic affairs of mankind are undergoing a change. The spirit of individualism is slowly making way for that of cooperation. Only the wilfully blind to the general trend of events fail to see and acknowledge it.

In the Eastern hemisphere, Russia, Italy and Germany are already well on the way towards the new, while Spain, England and France are slowly yielding to its pressure.

In our own hemisphere, Mexico and Peru have turned towards the new while several of their sister states have almost been persuaded to follow. Nor is our own nation immune from its pressure. Its PWA projects and hydro-electric plants will verify that.

By reason of the foregoing we should exercise great care during

the present period of change that we do not unwittingly sign away the right of also adopting a cooperative program should we be fit to do so in the future.

I for one would rather continue paying the old electric rates and thus retain that right than to pay the reduced ones and thereby lose it.

Whatever we do let us remain free to accept the future as we choose to meet it.

LOST WPA JOB IS TALE OF WOE

Trees, Politics and WPA
Work Do Not Mix, St.
Louis Man Finds

ST. LOUIS—Callum V. Aslop, father of eight children, has reached the conclusion that trees, politics and a WPA job just don't mix. He should know, for the combination apparently caused his disunion from a WPA tree surgeon's project upon which he had worked for three and a half years. Aslop's trouble started during the pre-election campaign when a Democratic precinct worker asked him to obtain a tree for the lawn of a Republican family who was attempting to convert to the Democratic ticket. The city charges \$5 for removing and planting a tree. But Aslop, who works 12 days a month on a WPA job to remove a small grove of trees from a lot. He agreed with the precinct worker to move one of the trees to the lawn of her Republican friend, charging \$1.50 for his services. But the tree-moving job fell through and Aslop was unable to supply the tree. Election day came and passed. Aslop does not know how the Republican family voted, or what action the Democratic precinct worker took. But he does know that shortly after the election, someone telephoned the city forester with a complaint that he was selling city trees. The forester found the complaint false and made no suggestion for Aslop's discharge. A few days later, Aslop was notified by his foreman that he was discharged. His work was satisfactory, the foreman said, but he had been "selling trees."

When his dismissal notice was officially mailed to him, the cause was given as "failure to perform work properly." Aslop has since tried to prove the allegations unfounded, pointing out that he worked three and a half years without complaints concerning his work.

CAPITOL BROWS OF BUSHY TYPE

Barbers Know Badges of
Legislative Leadership

WASHINGTON, Jan. 20. — A couple of capitol barbers, who have been looking at political faces for years, agreed today that bushy eye-brows are the badges of legislative leadership.

The amount of hair on the head, chin, or upper lip, they contend, doesn't matter—the quantity that shades the eyes is what counts.

Famous Faces
A lot of famous faces bear out the theory:

Vice President Garner—his eye-brows are thick and white and curl up at the ends.

Chief Justice Hughes—thick and white but uncurling.

Senator Borah (R-Ida.) — reddish, the intertwining kind.

Senator Norris (Ind.-Neb.)—the wiry, unruly kind.

Speaker Bankhead (D-Ala.) — black, shaggy type.

Away from Capitol Hill, Washington has many other bristling examples:

The owner of what is probably the bushiest set in the city is John L. Lewis, head of the CIO, whose eyebrows are so thick that he sometimes brushes them back when speaking.

Secretary Cordell Hull, who owns a grey pair that are thicker than most mustaches.

Secretary Wallace — the shaggy Bankhead type.

Attorney General Murphy—the reddish, Borah brows.

Clark Griffith, president of the Washington Senators baseball team—the thick, rippling kind that turn up at the ends like Garner's.

Fast Growing
House barbers say the fastest-growing set of eyebrows they have

worked on in a generation were those of the late Speaker Joseph W. Byrns. He had them trimmed every time he had his hair cut. His son, Rep. Joseph W. Byrns, Jr., has the same sort of brows.

The two speakers who preceded Byrns—Longworth and Rainey—also bore bushy eyebrows.

The charge for eyebrow-trimming? It's included in the tip.

neither were guests. Refreshments were served.

Don't "Shop Around" For GLASSES!

If the bargain hunting instinct is so strong within you that you feel you "simply must have a bargain," relieve that urge for economy by purchasing a hat, a pair of shoes or something that won't affect your most precious possession—EIGHT.

There's more to the purchase of a pair of glasses than merely buying so much glass and gold. You should buy Ocular Service—not glasses—and keep in mind that the only kind of ocular service worth buying is first-class Ocular Service.

Low-priced glasses are not cheap when results are considered. Glasses selected at random on a bargain counter like a handkerchief or a pair of shoes, do more harm than good, because they are not suited to the requirements of your eyes.

We have the knowledge, skill and necessary equipment to determine exactly the state and needs of your eyes. Why not call this week for an examination.

Joint Meeting is Arranged By Three Women's Clubs

In observance of an annual custom, the Travelers, Book and Salem Music Study clubs will meet jointly at the library Tuesday afternoon. A program which promises to be of exceptional interest has been arranged, featuring a talk by Miss Julia Wallace of Farrell, Pa.

Miss Wallace, a teacher in the public schools in Farrell, is a widely known traveler, counting 83 countries of the world among those which she has visited since 1923.

Presidents of the three clubs, acting as general chairmen for the event are: Travelers, Mrs. Arthur H. Vaughan; Book, Mrs. William D. King; Music Study, Mrs. Edgar Miller of Columbiana.

Bethlehem Class Has Dinner

Bethlehem class members enjoyed a covered dinner at noon in the Methodist church, prior to the regular business meeting and program.

Places were arranged for 21 members and four guests at the tables which were attractive with center bouquets of snapdragons.

Mrs. G. D. Keister read a paper, "Does Christianity Need Religion?" and Mrs. Virginia Courtney entertained with two readings. Mrs. S. D. Whinery led the devotions.

Hostesses were Mrs. W. W. Tolerton, Mrs. William Stewart and Mrs. William Taylor.

The next meeting will be held at the home of Mrs. S. J. Broomall on South Lincoln ave., Feb. 16.

Harris Class Plans Entertainment

The Harris class of the Christian church has cancelled the regular business meeting for this month to sponsor a benefit entertainment at 7:30 p. m. Tuesday in the Sunday school rooms of the church.

The program, besides movies, will include a play, "Spending Mother's Prize Money," presented by six members of Goshen grange; humorous readings, Miss Maura Mae Whinnery, songs, Gene and Glen Weingart; accordion selections, Miss Virginia Polen.

Friends of the members are invited to attend. There will be no admission charge but a free will offering will be taken.

"Medical Missions" Program Theme

Mrs. Richard Stirling was chairman of the program on "Medical Missions," presented at the Baptist Women's Missionary meeting Thursday afternoon at the home of Mrs. C. L. Hartsough, North Lincoln ave.

Mrs. Stirling reviewed the day's chapter of the study book. Talks on hospitals in India were given by Mrs. B. H. Calkins and Mrs. Frank Brudery. The devotional service was led by Mrs. Elwood Hammel.

Refreshments were served by Mrs. Hartsough, Mrs. A. W. Glass and Mrs. Flora Rittenhouse.

The next meeting will be held at the church Feb. 16.

Pythian Sisters Plan Inspection

The annual inspection of Friendship temple No. 100, Pythian Sisters, will be held April 27 at the hall. It was announced at a meeting of the group in the hall last night.

Practice for the inspection will be held at the next regular meeting, Feb. 2.

Plans were completed for two benefit card parties. The first will be held next Tuesday evening at the home of Mrs. David Arthur on North Ellsworth ave., and the second, Thursday afternoon, Feb. 2 at the K. of P. hall.

Standard Bearers Are Entertained

Standard Bearer society of the Methodist church was entertained Thursday evening at the home of Miss Laverne Herron on Franklin st.

Miss Esther Rollins read an interesting letter from a missionary in India.

Miss Virginia Smith led the devotional service.

A social hour was enjoyed with lunch served by the hostess.

The next meeting will be held on Feb. 16, the place to be announced later.

Mrs. Ross Ritchey, Jr. Is Honored

Mrs. and Mr. Ross Ritchey of R. D. 5, entertained friends and relatives at a birthday surprise party at their home last night, honoring their daughter-in-law, Mrs. Ross Ritchey, Jr.

The evening was spent informally and lunch was served. The table was decorated with a large birthday cake as centerpiece.

Mrs. Ritchey was presented a number of gifts.

Guests were from Salem and nearby towns.

Mrs. Philip Bush Club Hostess

Mrs. Philip Bush entertained Stitch and Chatter club members last evening at her home in Damascus.

Mrs. Robert McQuade was honored with a handkerchief shower for her birthday anniversary.

Lunch was served and the evening enjoyed informally.

The meeting Jan. 30 will be held at the home of Mrs. Leo Affolter on Madison ave.

Mrs. James Yarian Club Hostess

Mrs. James Yarian entertained members of her bridge club last night at her home on East Third st.

Prizes went to Mrs. Deane Beck, Miss Olive Ramsey and Mrs. Lee Ryan. Lunch was served after the cards.

The club members will be guests of Mrs. Ryan at her home on Park ave., Feb. 30.

Legion Auxiliary Has Meeting

The Wellsville American Legion auxiliary, which is not a member of the Columbiana county council of units, was entertained by the Columbiana county group at its meeting in East Liverpool last night.

A group of Salem members attended, participating in the program, discussion of bills before the legislature at this time.

The remainder of the program was presented by a group of West Virginia 4-H club girls who gave demonstrations of their work in the clubs and entertained with music.

The members enjoyed a social hour and lunch afterward.

The next meeting will be held in Lisbon Feb. 21.

Entertains at Party For Son

Mrs. J. A. Armstrong entertained the youngsters of the Memorial building kindergarten at a birthday luncheon today honoring the fifth birthday of her son, Freddie.

The luncheon was held at the building. Mr. Armstrong took pictures of the group, and games were enjoyed.

Garden Club Members To Hear Lecture

Salem Garden club members will hear a lecture, accompanied by slides, on exhibits and gardens by the Youngstown Garden Forum at the regular meeting at 2:30 p. m. Monday in the Memorial building.

Today's Pattern

NEW JUNIOR OUTFIT!
Pattern 4029.

Girls, there's enough fashion excitement in this entirely new jumper-and-belted frock to make you the undisputed style leader of your set! Just look at the way the straps curve and criss-cross. And take note of the really lovely flare in the two-piece skirt (which may be straight or bias cut). Why don't you send for Pattern 4029 today, and stitch it up yourself if you're old enough, or ask Mother to do the work if you're not? The making's very easy! Choose long or short sleeved bolero—and, for fabric, wool or synthetic, with contrast for the dainty blouse.

MOTORISTS GET INSURANCE CUT

Liability and Property Damage Rates Are Reduced

Reduction of 25 to 30 per cent in liability and property damage insurance rates to Salem automobile owners has been announced by the National Bureau of Casualty and Surety Underwriters of New York.

The reduction, effective Jan. 16, is expected to save local motorists hundreds of dollars in insurance premiums. The new rates govern about 75 per cent of the stock companies operating in the district.

The new rates are for all of Columbiana county with the exception of Knox township.

Reductions Listed

Liability insurance for the less expensive cars such as Ford, Chevrolet and Plymouth, have been reduced from \$26 to \$18, for the mid-range priced group, from \$29 to \$20, and for those in the higher bracket from \$33 to \$22.

Property damage insurance for the first grade is reduced from \$8 to \$7, for the second class from \$9 to \$8, and for the third class from \$12 to \$10. Thus, the savings on the two forms of insurance for the low priced cars will be \$9, for the mid-range class \$10, and for the higher group \$13.

Rates for trucks also have been cut but in smaller amount. The liability insurance for the light class is cut from \$26 to \$21; for the middle class from \$39 to \$32 and for the large \$54 to \$44.

Property damage on the small group is cut from \$13 to \$12, on the middle group, \$23 to \$21 and on the larger \$32 to \$29. The savings in the three classes would be \$6, \$9 and \$13, respectively.

Other Types Unchanged

No changes have been made in the existing fire, theft, collision or other automobile insurance rates.

A group of stock insurance companies not affiliated with the National Bureau of Casualty and Surety Underwriters and whose rates are under those which have just been announced, are expected to announce a downward revision in the near future.

The new rates are even lower than those which existed prior to March, 1938, when an increase was put into effect.

Insurance rates, it is pointed out, are based upon claims made during the past year. The reduction in Columbiana county would indicate that claims for insurance have been reduced sufficiently to warrant lower premiums.

JEFFERSON CITY, Mo. — Missouri officials predict the state will end the 1937-38 biennium with a cash surplus of \$14,000,000, the largest in the history of the state.

NIGHT COUGHING CAN OFTEN BE PREVENTED

If your child often coughs at night because of even a slight cold—do this at bedtime: Thoroughly massage Vicks VapoRub on throat, chest, and back. VapoRub's positive vapor action tends to keep the air-passages clear, helping to maintain normal breathing through the nose, and so reducing mouth-breathing (the frequent cause of night coughs). Try it tonight—learn for yourself another reason why VapoRub is a family standby in more homes than all other medications of its kind put together.

How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 42), who fears she'll lose her appeal to men, who worries about hot flashes, loss of rest, dizzy spells, upset nerves and moody spells.

Just get more fresh air, 5 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life.

Pinkham's is WELL WORTH trying.

Babich Faces Death In Electric Chair

WARREN, Jan. 20.—Nick Babich, 34, was under conviction today of first degree murder without mercy, in the Dec. 5 slaying of his neighbor, Dan Gross, 50. He also was indicted in the butchering killing of his wife, Barbara, several hours before Gross was slain, but was not tried on that count.

The jury's verdict made the death penalty mandatory and Common Pleas Judge Dewey M. McVicker was expected to pass sentence next week.
Babich testified at his trial that he had no intention of killing Gross, but that "I only wanted him to suffer like he made me suffer."
Babich contended Gross was responsible for getting him laid off from a WPA job.
His attorneys argued that he was insane at the time of the killings.

Cosgarea Appeals Common Pleas Edict

James Cosgarea of Salem Thurs-
day filed notice of an appeal from a conviction three years ago in
Mayor George Harroff's court on a
charge of violating the city's liquor
ordinance.
Cosgarea first appealed his case to
common pleas court where his con-
viction was recently affirmed by
Judge W. F. Lones. The case will
now be carried to the court of ap-
peals. Cosgarea's bond was fixed
at \$500.

BANK ROBBERS FOUND GUILTY

Sentenced to Life Terms;
One Admits Arrest
In Salem

COLUMBUS, Jan. 20.—Common
Pleas Judge Charles A. Leach to-
day sentenced two Akron men to
life imprisonment for bank robbery
five minutes after they had rested
their defense.

The two, George Scanlon, 45, and
Edward Thompson, 41, waived a
jury in their trial on charges of
robbing a branch of the Ohio Na-
tional bank of \$4,200 on Nov. 4.
They also had been accused of rob-
bing another branch bank.
Asked if he had anything to say
before sentence was passed, Thomp-
son declared he could not have
been involved in the robbery be-
cause he had an injured leg which
prevented him from running. He
said none of the witnesses who
identified him as the robber had
mentioned his limping gait.
"When guns are stuck in people's
faces, they don't look at legs," re-
plied Judge Leach.
"You're sending me away for
something I did not do," cried
Thompson. "My record shows I am
a thief, but there is nothing that
shows I am a vicious thief. We are
being railroaded to jail."

Maintains Innocence
Scanlon told the court he was
absolutely innocent and noted that
only one witness had identified
him as being in the bank.
"You can send me away," inter-
posed Thompson. "I am an old-time
criminal with a record, but
don't send Scanlon. He has a wife
and some kids."

"Why don't you tell the truth?"
asked Judge Leach as he sentenced
both men to life.
Thompson had admitted on the
witness stand that he had served
four years in Ohio penitentiary for
assault to rob 20 months each in
the Indiana and Michigan prisons
for larceny, and 30 days in a Ken-
tucky jail for attempted theft.
Scanlon admitted he had been
arrested in Salem and Cleveland
on suspicion.

Bargaining Agents

WASHINGTON, Jan. 20.—The
CIO's United Auto Workers and
the Mechanics Educational Society
of America were under certification
by the national labor relations board
today as bargaining agents for em-
ployees of Willys Overland Motors,
Inc., of Toledo. The MESA was
certified as representative of the
maintenance mechanics and the
UAW as sole representative of fore-
men, fore-ladies, factory clerical
employees, plant protection employees,
timekeepers, payroll clerks, drafts-
men, designers, engineers and work-
ers in the experimental and re-
search building.

Freed of Theft

TIFFIN, Jan. 20.—Ralph Stover,
25-year-old WPA worker, was free
on his plea that he stole a farm-
er's chickens to obtain money to
buy Christmas presents for his chil-
dren. Common Pleas Judge Ralph
Sugrue suspended a one to 15-year
reformatory sentence after hearing
Stover's story.

Name Frazer Head Of Auto Company

TOLEDO, Jan. 20.—Heading
Willis-Overland Motors, Inc., today
was Joseph W. Frazer, 46, newly
elected president and general man-
ager.

Frazer has served the Chrysler
organization as vice president of
Chrysler Sales Corp. and Plymouth
Motor Corp. earlier, he was with
General Motors Corp. in its Chev-
rolet division.

The young executive succeeded
David R. Wilson, a pioneer in the
automotive field, who was born in
Warren, O., Nov. 15, 1874. Wilson
attended Akron, O., High school
and married Blanche P. Racer of
Akron Sept. 7, 1897. The retiring
president remains a member of the
Willis-Overland board.

Beer Wholesalers Tax To Be Ousted

WASHINGTON, Jan. 20.—State
Rep. Rodes K. Myers of Bowling
Green, Ky., said today he had re-
ceived assurance that the Indiana
general assembly would repeal a
law requiring Indiana beer whole-
salers to pay a separate fee to dis-
tribute beer brewed outside of the
state.
Myers said William Treadway,
representing the Indiana legislative
council at the annual meeting of
the council of state governments,
informed him Indiana was "willing
to lead the move to eradicate trade
barriers."

Myers asserted the Indiana law
was "discriminatory legislation aim-
ed at Kentucky and Ohio brewers."

municipalities to use automobile li-
cense tag revenue, now obligated to
street maintenance and repair, for
enforcement of traffic laws. This
now spent on traffic enforcement.

No Mention of Financing
The bill made no mention of how
street maintenance would be fi-
nanced. It perhaps presumes that
only the unneeded surplus of auto
tag money would be turned over to
traffic enforcement.

Many city officials heretofore
have resisted vigorously efforts of
the legislature to compel them to
"raid" special funds in order to
finance relief.

McGregor said that it was "in-
consistent" to have a surplus in a
special fund and then ask the tax-
payers for more tax revenue. He
said he understood Toledo had
nearly \$1,000,000 in its waterworks
fund, part of which might be spent
for relief.

The relief bill still is in the
house welfare committee. McGregor
said he hoped it would be reported
out and passed by the house Tues-
day. The senate is ready to give
it the right-of-way as soon as it
arrives.

The house and senate are in ad-
justment until Monday evening.
The house received 23 bills and
four resolutions yesterday. They in-
cluded:

To render common law marriages
invalid—Rep. Dworin (D-Cuya-
hoga);

To revise the sales tax, making it
one cent on 15 to 50 cent sales, two
cents on 50 to 75 cent sales, and
three cents on 75 cent to \$1.00 sales
—Rep. Reading (R-Lucas).

UNEMPLOYED TO GET PAY JAN. 28

First Benefit Payments To Be Issued By Commission

State Treasurer Don H. Ebright reported today that first Unemployment Compensation Commission benefit payments would be distributed Jan. 28.

The Salem office, managed by A. S. Johnston, has active files of 891 persons at present. No job placements have been made.

Ebright said that for 16 weeks from that date about 30,000 checks would be mailed weekly under the program to aid persons who have been thrown out of work.

The commission fund, from which benefit payments will be made, earned \$446,210 in interest up to Dec. 31, 1938, he said.

W. T. Doe, director of the employment service division of the Ohio Unemployment Compensation Commission, reported the placement of 6,588 persons in public and private industry during the month of December, 1938.

This was 5.7 per cent less than placement in November, 1938, and 14.4 per cent under December, 1937. Doe attributed the drop to lessened business activity, and drafting of many employment service workers by the Unemployment Compensation Commission to assist in filing benefit claims of jobless persons.

New applications for work during the month totaled 15,424, and there were 22,570 renewals, Doe said, bringing to 448,436 the number of applicants now available for employment. This includes some who are now employed, but seek better working opportunities. During December, 1938, 182,137 persons visited employment service offices.

"Miracle" Saves Babies

New hope for survival of premature-born babies is held by a treatment in use at Beth Israel Hospital, Newark, N. J. Doctors, reluctant to discuss it, admitted six infant lives had been saved by daily injection of hormones taken from their mothers. One of the babies, Sylvia Miesler, born July 22, is shown above with her older sister. Sylvia weighed two and a half pounds at birth and little hope was held for her survival until the hormone treatment began.

TREASURY DEBT HITS NEW HIGH

\$39,545,977,851 Is The Figure As Half Year Is Concluded

WASHINGTON, Jan. 20 — The treasury debt rose to a new record of \$39,545,977,851 in the first 6½ months of the fiscal year, which began last July 1.

The debt, which is to go above \$44,000,000,000 by June 30, 1940, on the basis of President Roosevelt's recent budget message, already is \$2,381,237,525 higher than at the beginning of the fiscal year and approximately \$2,156,000,000 higher than a year ago.

The debt rose as the result of treasury borrowing to cover a deficit which amounted to \$1,833,308,354 at the end of the 6½ months. This was nearly three times the \$675,956,324 deficit for the comparable period of the previous year. In the 6½ months, the treasury spent \$4,920,979,187 and took in \$3,087,670,382. Comparable figures of the previous year showed expenditures of \$4,028,075,168 and income of \$3,352,118,844.

WPA costs amounted to \$1,270,812,785 in the 6½ months, compared with \$694,088,244 in the previous year.

EPWORTH RALLY AT COLUMBIANA

Mid-Winter Institute To
Be Held This Evening
In M. E. Church

COLUMBIANA, Jan. 20. — The Mid-Winter Institute of the Epworth League societies of the Methodist churches of Columbiana county will be held in the local church, starting with a dinner this evening at 6:30, and all-day meetings Saturday.

All of the young people of the churches of Columbiana are invited to attend. The group will include about 30 societies from all over the county. At the banquet the guest speaker will be Rev. Kirby of Akron.

Saturday morning Rev. Wayne McQueen of Steubenville, county superintendent, will be the speaker and Rev. Garth of Mt. Union college. Alliance will speak to the group in the afternoon. Special musical numbers will be given at all the meetings. Ira Culp is the president of the local society.

The Ladies Aid society of the Christian church enjoyed an all-day quilting at the home of Mrs. Leslie Turnbull Thursday. About 12 were present. Dinner was served at noon.

The monthly meeting of the churchmen's Brotherhood of the Christian Reformed church was held Wednesday evening at the church. Rev. W. R. Gobrecht gave an interesting talk on the Book of Revelations. Entertainment was in charge of the committee composed of Messrs. Hosea Peppel, Raymond Shoke, Harry Miller, John Lewis Kurtz and Paul Wilms. Lunch concluded the evening.

Mr. and Mrs. Harry Crider announce the birth of a baby daughter at their home, 543 Main st. Mrs. Byron Snyder has been removed to the home of her son, Robert Snyder, Elm st., from the South side unit of Youngstown hospital where she submitted to a gaster operation. She is improving nicely.

The Girl Reserve cabinet will hold a meeting Tuesday evening at the school for the purpose of making plans for the annual mother-daughter banquet.

"Jail Break"

LANCASTER, Mo. — Schuyler county officials called carpenters to repair a large hole in the roof of the county jail—but it wasn't a case of escaping prisoners. A large icicle weighing several hundred pounds dropped 80 feet from the water tower to the jail roof.

MANCHESTER, N. H. — Confusion over signals resulted in a broken leg for Traffic Officer Charles W. Cummings, run down by an automobile operated by Mrs. Neva G. Adams of Nashua. Mrs. Adams said she thought Cummings signaled her to "come ahead."

Hitler Dips Trade Spoon Into U. S. Porridge Bowl

By DEWITT MACKENZIE,
Associated Press Foreign Affairs
Writer.

NEW YORK, Jan. 20.—Herr Adolf Hitler would seem to have been dipping his quick spoon into Uncle Sam's foreign trade porridge again. Two of the greatest countries of the western hemisphere are involved—Mexico and Brazil. And that is something for America to ponder, since the ever hungry Nazi Oliver Twist has been getting a lot of his economic vitamins lately from good neighbors in the Monroe doctrine area.

New System Opened

Specifically, a usually well-informed German news service says that an improved and extended system of bartering merchandise between Germany and Brazil is planned.

Also, the sudden return of Gen. Juan Azarate to his post as Mexican minister to Berlin, after an absence of more than a year, is believed by many observers to be linked with an effort to expand trade relations between the two countries.

General Azarate said there was no "special significance" in his return. Mexico recently made a sensational barter transaction for disposing of some \$17,000,000 worth of oil, taken mainly from expropriated wells of American and British companies. Most of it went to grease the wheels of Germany, and a lot of folk think this has encouraged Mexico to expand such oil sales to the Reich.

Very Simple System

The Nazi barter system is one of the wonders of our time. The Fatherland swaps its products for the products of other countries without any cash changing hands. In simplicity it's on a par with the trade whereby one schoolboy exchanges a jack-knife with a broken blade for a live beetle in a bottle.

I was chatting the other day in Paris with French Finance Minister Paul Renaud and he predicted that the Nazi barter scheme was headed for a nasty cropper; it wouldn't work indefinitely.

Other orthodox experts shudder at the barter idea. They say it won't work, but in the same breath they admit that it is working. And

most of them have no answer to that, except that we must wait and see what happens.

Germany has resorted to the barter system because she hasn't sufficient ready cash to trade in any other way. Naturally she has to find countries which are of the same frame of mind—countries wanting German goods and having products that the Reich needs.

Roosevelt Favors Defensive Aid On U.S.-Owned Island

WASHINGTON, Jan. 20.—President Roosevelt said today he favored the bill authorizing \$5,000,000 for defense improvements on the Island of Guam but contended this did not necessarily mean fortification.

In a lengthy discussion with reporters of the item in the \$65,000,000 bill introduced yesterday in both houses of congress, the President also differentiated between authorizations and actual appropriations. He said an authorization did not necessarily mean that a proposed project ultimately would be carried to completion.

Mr. Roosevelt said a change in world conditions might permit abandonment of the whole thing.

TOLEDO.—The Toledo public library will observe its centennial in 1939 with construction of a new main building. The building probably will cost \$2,200,000.

Gene Autry tangles with international intrigue in his newest musical western, "Western Jamboree", which shows tonight and Saturday at the Grand.

Smiley Burnette has the comedy lead and Jean Rouverol has the feminine lead.

In Foreman's Role

In "Western Jamboree" Gene is seen as the foreman of the Circle J ranch, awaiting the arrival of the new owner from Chicago. The late owner, before his demise had submitted an analysis of gas deposits on the ranch grounds to an unscrupulous chemical engineer in town. The engineer reported the gas was worthless, while in reality, it showed helium was present.

Since helium is sought by foreign powers, the engineer tries to locate the secret well so that he can pipe out the helium.

Gene has his personal trouble, too, trying to help out an old prospector whose daughter is returning from finishing school in the east and believes her father to be a well-to-do owner of a dude ranch. Gene installs the prospector as owner of the Circle J, turns it into a dude ranch, and hopes the new owner will not arrive until the girl has returned East with her fiancé.

There are thrills and stunts galore in "Western Jamboree" as the capable Gene handles both the villainous mining gang and the naughty girl. But trouble comes in doses and the real owner arrives before the trouble can be straightened out.

At The State

Showing at the State tonight and Saturday is the mystery-adventure, "Trade Winds", starring Joan Bennett and Fredric March and featuring Ralph Bellamy and Ann Sothern. Picturesque and authentic scenes of romantic far-away places of the world form a background for

Institute Program For Kiwanis
Interest of Kiwanis club members centered on the Farm Institute at their weekly luncheon Thursday in the Memorial building.

An interesting talk by Asa Matten, state speaker assigned to the institute, pointed out the value of efforts toward bringing a closer spirit of understanding between the urban and the rural dweller and how, after all, their lives are woven together despite the difference in location.

Musical selections were provided by Mrs. John White and Joseph Bernard of Leetonia, accordionists. Wilbur Coy was program chairman. Guests of the club included officers of the institute and others who were attending the sessions.

Leaders Are Named

The Christian church Girl Scouts, with Alice Stallman as leader, met last night in the church, appointing officers and patrol leaders, as follows: Patrol 1, Barbara Bates; Patrol 2, Arlene Wood; Patrol 3, Jean Dixon, and Patrol 4, Dorothy Bishop; treasurer, Jean Vincent; scribe, Deborah Beery.

Folk dancing and music are being studied by the troop at the meetings.

Hospital Notes

Mrs. Charles Kleinman of 264 Woodland ave., has entered Salem City hospital for medical treatment. Barbara F. Rhodes of Greenford, Joseph Sox of the Ellsworth rd., and Andrew House of Lisbon have been admitted to Salem City hospital for surgical treatment.

Cancel Meeting

The meeting of the Torch Bearers group of the English Lutheran church, originally planned for Saturday at the church, has been cancelled.

Marksmen Will Meet

A practice shoot and trapshoot will be held Sunday afternoon at the Country club for marksmen of the district, it was announced today.

E. Liverpool Loan Will Pay Dividend

LISBON, Jan. 20.—Depositors and creditors of the Union Savings and Loan Co. of East Liverpool will receive a 100 per cent dividend within the next 30 days under a decree issued Thursday by Common Pleas Judge W. F. Lones.

The court order also authorized a five per cent dividend to stockholders and provided a contingent liability fund for rejected claims of \$6,722. Depositors and creditors will share \$18,447.58 while stockholders will split \$37,600.

Judge Lones stipulated payment on or before 30 days from the date of the decree. The loan association has been closed for over two years and two of its officers were indicted on embezzlement charges following the closing order.

S. T. Herbert, former secretary, is now serving a 1 to 15 year sentence in the Ohio penitentiary following his conviction on an embezzlement charge. G. Y. Travis, former president, died last spring after ill health had forced postponement of this trial on similar accusations.

Gets New Gavel

COLUMBUS, Jan. 20.—Speaker of the house William M. McCulloch got a new gavel today—a token of appreciation from the house's only father and son combination.

The gavel, made of Ohio woods, was presented by Reps. George H. Kirkpatrick of Knox county, the father; Graham Kirkpatrick, Licking county, the son. Both are Republicans.

slaughter charges against Floyd Hayes and George Richards of Rogers, bound over following traffic deaths several months ago; Albert W. Hoffacher, Columbiana, embezzlement; Kenneth Powell, East Liverpool, shooting with intent to kill.

Harold Boyd, Center township, cutting; Wesley Baird, Columbiana, trespassing; Raymond Calkins, Center township, assault; and battery John J. Higgins, Salem, issuing worthless checks. Albert Meredith, Columbiana, reckless driving; Leon Vignon, Washingtonville, unlawful removal of coal.

J. B. Gunesch, Salem, embezzlement; Tillie Schweiker, Salem, embezzlement; Albert Meredith, Columbiana, operating a motor vehicle without the owner's consent; E. C. Thornton, operating a motor vehicle without the owner's consent; the East Palestine Eagles club, exhibiting slot machines.

The grand jury returned the perennial recommendation for a new jail, characterizing the 100-year-old building as a fire-trap and outmoded. As required by law, the jurors visited the jail Thursday afternoon just prior to returning their report.

"The building," the recommendation read, "due to its old age, should be at once replaced. It is too small and does not have the modern facilities and conveniences that should be there. There is no provision made for exercising prisoners. It lacks modern ventilation, which is a real detriment to the health of anyone confined there. It lacks adequate fire protection and in case of fire there is almost bound to be unnecessary loss of life."

The grand jury recommends that the garage be demolished immediately. There is a fire trap which constitutes a serious menace to nearby buildings. There is also a lack of adequate fire protection at and near the place. No water plugs are nearby.

The grand jury would commend the sheriff and his staff for the cleanly manner in which the place is kept. They seem to be doing the best with what they have. The bullpen was clean and everything in order.

"We recommend a new cooking range in the kitchen and a new floor and floor covering in the office and first floor hallway. "This grand jury recommends that all persons visit the jail and make a personal investigation so they will be better able to form a just opinion of this matter. The grand jury would condemn the present county jail and recommend the erection of an entirely new building at moderate cost."

high party officials as well as financial circles. Schacht himself apparently was not aware of what was coming.

The official interpretation of the chancellor's move was that the "huge tasks of the four-year plan demand complete unity of financial and economic direction."

Officials insisted that no differences of opinion among Schacht, Goering and Funk figured in the change.

Almost simultaneously with the announcement, an article by Funk appeared in a special edition of the magazine Der Vierjahresplan (four-year plan), threatening to transfer Germany's trade with the United States to the Balkans.

It was generally regarded in informed circles as Germany's answer to President Roosevelt's congressional message attacking Nazi and Fascist policies.

"During the first 10 months of the year—1938—Germany imported goods worth almost 5,000,000,000 marks (\$2,000,000,000)," Funk wrote.

"It is of special interest that the country from which national socialist Germany bought the most goods was the United States, which daily and in the most vulgar terms abuses and insults this big customer."

"The United States will lose this customer and the difficulties and incompleteness of the Anglo-American trade treaty will show that no substitute for this customer will be found on the disturbed world market. "But we will be able to find substitute countries for our orders hitherto placed in the United States, namely the Balkan countries and Turkey, which constitute natural exchange partners for Germany."

2 Maryland Co-eds Missing from School

COLLEGE PARK, Md., Jan. 20.—Launching of a police search disclosed today the disappearance of two University of Maryland co-eds from the campus last Wednesday night.

The girls, Joy Lucille Heaster, 19, of Salisbury, Md., and Jean Beatrice Matheke, 17, of Newark, N. J., daughter of Dr. Otto G. Matheke, were reported missing when their parents were unable to give any clue to their whereabouts.

Mrs. Matheke, mother of Jean, reported she had received a letter from her daughter on Wednesday which indicated "everything was going all right."

College authorities declined any comment.

MOTORS DEFEAT SINCLAIRS FOR SIXTH VICTORY

Althouse Team Clinches First Half Title In Class A League

The Althouse Motors assured themselves of the first half championship of the city's Class A league at the Memorial building last night, defeating the Shastens 35-21, to remain unbeaten. The victory was the sixth in a row for the Motors.

Although they have one more game to play before completing their first half schedule, the Motors can be counted on to win the first half title. Every other team in the league has lost at least two games. The Motors, if beaten in their final game of the half, would still top the standings with six wins and one defeat.

Piling up a commanding lead in the first half, the Motors practically coasted to their important victory over the Shastens. The Althouse team had a 13-point edge, 22 to 9, at half-time.

Gordy Scullion sparked the Motors to their triumph, collecting four field goals and two free throws for 10 points. All but one of the eight players who saw action for the Althouse team broke into the scoring column.

The defeat was the second the Shastens quintet has suffered in six league games to date. It dropped the Sinclairs from second to third place in the league standing.

Two cellar-dwelling clubs clashed in the second Class A game last night as the Betise Club nosed out Whit's Garage, 22 to 21. It was the first victory in seven games for the Betise Club, while it was the sixth straight defeat for the Garagemen. The Betise cagers gained a five-point lead in the first half of the contest and rested on this advantage throughout the second half. The score at the intermission was 14 to 9.

Cliff Lowry garnered six points to lead the Betise Club in scoring, while Lora and Wiggins paced Whit's team with eight and seven points, respectively.

Only one game was played in the Class B league with the Carroll Cadets trouncing Smith's Creamery, 24 to 14, in this contest.

The set-back knocked Smith's out of a tie for first place and left the top position in the Class B circuit the sole possession of the Trades Class. It was the second defeat in seven games for the Creamery team. The victory boosted the Cadets into second place in the standings.

Zilavy, Handlick and Detell shared scoring honors with six points apiece in pacing the Cadets to the victory. The scores and standings:

Boxing Furnished Thrills And Excitement During '38

By EDWARD C. FOSTER, Secretary, National Boxing Association.

PROVIDENCE, R. I., Jan. 20.—Boxing during 1938 certainly furnished the fans many thrills and plenty of excitement.

In fact, during the whole year, there has not been what one could call a dull moment, so far as boxing was concerned.

Several notable features stand out in contrast to years just past.

First, I might mention the World's Professional Boxing Congress held at the invitation of the Italian government at Rome in April.

Twenty-one different nations were represented.

Certain rules and regulations for the betterment of boxing were agreed upon, and while, of course, it will take a few years to iron out many small, irritating controversies, I firmly believe a great deal of good will be accomplished by this world congress, and that in a few years the results will be evident to everyone.

In other words, by that time world control of boxing will be adopted by practically every country having legalized boxing.

Without doubt, of course, the great outstanding feature during 1938 was the remarkable career of a very wonderful boxer, Henry Armstrong.

This boy, who won the featherweight title late in 1937, this year met and decisively defeated Barney Ross for the world welterweight championship, and then defeated the lightweight champion, Lew Aronson, to become the champion of three divisions at one time.

This certainly was one of the most startling things that had happened in the boxing game, Armstrong being the only man to hold three championships at one time in the history of modern boxing.

On Nov. 25, Armstrong defended his welterweight title against one of the best prospects in many years, hard-hitting Ceferino Garcia, who would no doubt be champion if not for Armstrong.

Standings of the three leagues follow:

BENEFIT FIGHT SHOW PLANNED BY CIVIC BODY

Junior Chamber To Sponsor Professional Boxing Program Feb. 7

Announcing a campaign to raise money for improvements at the Memorial building, the Junior Chamber of Commerce will sponsor a professional boxing show at the Memorial building Tuesday night, Feb. 7.

In invading the sports field with its campaign, the Jaycees are appealing to all sports-minded residents of the city for assistance in their drive to secure funds for the installation of a new hot water system in the Memorial building which is used throughout the year for sports and other recreational activities.

The present hot water system is as old as the building and fails to meet the demands of the large number of men and women who now use the building for basketball, volleyball, ping pong, badminton, weightlifting, boxing and other sports.

During days when as many as 10 basketball games are played, in addition to other sporting events, the present system will provide hot water for only the athletes who get to the showers early. Players in late basketball games are usually forced to take a cold shower or none at all.

Ray Newbold, general chairman of the committee in charge of the boxing show, announced today that the all-professional program will feature 28 rounds of boxing.

It will be the first professional show presented in Salem in a number of years. Amateur boxing shows have been dotting the sports picture off and on for the past year, but not in recent years has there been a professional program presented for local fight fans.

Jimmy Perry, popular promoter of amateur shows and director of Jimmy's Athletic club, will serve as match-maker for the show. Perry is donating his services to the organization.

The 28-round program will include a 10-round main bout and three six-round preliminary battles. A permit to stage the show has been granted the Junior Chamber of Commerce by the Salem Boxing and Wrestling commission.

A pair of prominent middleweights are expected to be matched in the 10-round main bout, while the six-round prelims will bring together other class professional leather-swingers.

Perry expects to have the match-making for the show completed within the next few days.

NATS DEPENDING ON LEFTHANDERS

Portside Batters Hold Fate of Senators, Griffith Says

BELLEAIR, Fla., Jan. 20.—Left-handed batters will decide the fate of the Washington baseball club this coming season, Owner Clark Griffith said here today.

Taking time out from a golfing vacation, the veteran baseball man listed a probable starting lineup shot through with youth. Only Buddy Myer, the second baseman, Rick Ferrell, the catcher, and two or three of the pitchers have been in the big time very long.

"I'll have young Jimmy Waddell at first," Griffith said. "Jimmy's up from Minneapolis. Only a kid of 20 or so but he's got the makings."

"At short we'll have Cecil Travis, who's only 24. Buddy Lewis at third is about 21. George Case in center field is just a kid."

"Taft Wright in right field and, Rob Estalella in left field are two more youngsters who will round out my team."

"Besides these, we have Jake Early, a young catcher from Charlotte, and George Wele, an outfielder up from Trenton. Both are hustling young players who look good."

Joe Krakauskas should hit his stride this year as one of the best southpaw pitchers in the business and he's only 21 now with three years in the majors behind him. We also have Ken Chase, another southpaw, who is a great boy and ready to hit the top. Then we have Reina Montegudo, a Cuban up from Trenton and also a left-hander, who won about 16 and lost about seven last year.

"With an outfit like this backed up by a few old heads like Sam West, Dutch Leonard, Monte Weaver and Ferrell, we have the makings of a fighting team and you can say for me that we are optimistic over our prospects," he concluded.

"Time will tell."

Breezy Briefs Of Sport From Various Spots

BY EDDIE BRIETZ

NEW YORK, Jan. 20.—Ed Barrow's first official act as president of the Yankees was to receive the press in his shirt sleeves. Storm warning: The old Johnny Evers-Rabbit Maranville combination is back together at Albany and the other Eastern league clubs had better look out. Coach Jock Sutherland moans: "Ten of eleven fine young (football) men will graduate." So what, Doc? You'll come up with ten others just as good. Joe DiMaggio is having his picture taken these days with Dorothy Arnold, the actress, to whom he once was reported engaged.

Empire George Barr conducts the original school for what some meanies call robbers and blind men. He claims another school has approached the percentage of success attained by his products and we don't doubt it. Last year he graduated a guy named William H. Tuff of Rugby, S. D., and another guy named George Ruff of East St. Louis, Ill.

Both found jobs in the North-east Arkansas league where they were paired as a team. So, ladies and gents, we give you today's umpires — Ruff and Tuff.

Earl Averill is reported headed from Cleveland to Detroit in exchange for a stack of greenbacks that would make even Tom Yawkey look twice. Davis Cup entries are lagging badly. What touched a lot of people at the Ruppert funeral was the presence of Catcher Joe Glenn whom the Yankees traded down the river to St. Louis last fall. Although no longer a Yankee, Joe came up from Dickson City, Pa., for a final tribute.

Those city slickers around Times Square are still taking 'em. Four members of the Marquette basketball team entered a barber shop where hair cuts were advertised for two bits. The barbers gave them the works and a total bill of \$5.35. Ouch. Connie Mack will interrupt his spring training to hop from Fort Myers, Fla., to New York for the baseball writers' dinner.

Notre Dame will be shooting for its 300th football victory when it tackles Purdue next Sept. 30th.

It seems to be tradition out at U. of Detroit to elect a Pennsylvania boy captain of the football team. The players haven't voted on the 1939 leader yet, but the sports editor of the campus newspaper already has prepared a biography of Ed Froelich, guard, who hails from Pennsylvania.

We hope he doesn't feel hurt if the players cross him up. Golf pros are saying nice things about young Clayton Heafner of Greensboro, N. C., a tournament prospect who is making his first swing around the winter circuit.

ST. PETERSBURG, Fla., Jan. 20.—The body of Paul Shannon, 64, veteran Boston sports writer, was recovered early today from Pass-A-Grille bay near here.

Magistrate John T. Fisher said he believed Shannon fell into the water from a seawall on the bay front and that it appeared to be a case of accidental drowning.

Fisher said Shannon left his home about 10 o'clock to take a walk. At 10:45 Policeman Joe Benfield saw him sitting on the seawall near his home. When he failed to return at midnight, Mrs. Shannon summoned police.

Shannon for 35 years was baseball and sports writer for the Boston Post and had been coming here 15 winters to cover spring training activities of the major league teams. Besides his wife, survivors include a sister, Mrs. Ed C. Matthews of Boston.

ENTRIES BEING RECEIVED FOR BOWLING MEET

Plans Go Forward for 4th Annual Tournament at Masonic Alleys

Given the approval of the American Bowling Congress, governing body of men's organized bowling in the United States and Canada, the Salem Bowling association went ahead today with plans for its fourth annual city handicap tournament.

President Ralph W. Hawley announced that the A. B. C. had sanctioned the tournament which will be held from Monday, Feb. 6, through Friday, Feb. 17, at the Masonic temple alleys on East State st.

Secretary William H. Juergens reported that several entries have already been submitted for the five-man event and others are expected in the next few days. The deadline for entries is midnight Saturday, Jan. 28.

Officials of the local association are hopeful that the number of entries in the five-man, doubles and singles events this year will better that of last year when a record was established.

The tournament is expected to attract about 40 five-man teams, between 50 and 60 sets of doubles and about 120 singles entries.

Entries in any one or all three events may be made to Juergens or at the Masonic or Grate Recreation bowling alleys anytime before the deadline. The entry fee is \$1 for each event with the price of bowling included.

Juergens said that he expects to have the handicaps for all bowlers under the jurisdiction of the local association figured by the first of next week. The handicaps are based on bowlers' league averages of Jan. 14.

The scratch figure for the tournament is 190 with bowlers, who have rolled 25 or more of their teams' games by Jan. 14, receiving 70 percent of the difference between their averages and scratch. For bowlers who have rolled between 15 and 25 games before Jan. 14, handicaps will be 50 percent of the difference between their averages and scratch.

No handicaps will be allowed bowlers who have not competed in at least 15 league games by Jan. 14. The maximum handicap any bowler can receive for one game is 45 pins.

The handicaps of bowlers who are competing in more than one league will be based on their highest average.

A meeting of the association will be held in the near future to determine prizes for tournament winners. Officials of the association are considering awarding trophies, rather than money, to this year's champions.

In connection with the American Bowling Congress tournament, which will be held in Cleveland's Public Auditorium in March and April, Secretary Juergens announced that Salem will be represented at the A. B. C. event by seven teams.

Five Salem teams have already mailed in their entries and received dates, Juergens said. They are Mul-lins Foremen, Washingtonville Odd Fellows, Columbiana Firestones, Althouse Motors and the Salem Eagles. The first three named will compete in the booster division.

Other Salem teams expecting to enter the A. B. C. are Grate Recreation and Kelly's Service. The largest delegation this year will be the Salem delegation. Four local teams competed in the A. B. C. meet at Chicago last year.

BOWLING RESULTS

Chalking up the highest single game team score rolled at the Salem Recreation alleys this season, the Salem Label Co. banged out a 1014 count in its match against the Merit Shoes last night. Dal Derhodes hit a lofty 253 to pace the Labelmen to their record score. He was supported by a 217 by Clyde Miller, a 205 by Earl Grate, a 181 by Ralph Hawley and a 158 by Ray Alexander.

Aided by their 1014 score, the Label klegers took two games from Merit's to gain a notch on the league ladder. The victories left the Label Co. two games behind the Shomien in the Commercial league standings.

Taking two games from the Leetonia All Stars, Smith's Creamery moved into third place ahead of the Washington Odd Fellows, who lost three games to the Ohio Bell on a forfeit.

Other matches gave the Salem Polo Club three wins over the Salem News, Grate Recreation two wins over Berg Bretzels and Grate Service two victories over the Crescent Machine.

GALENTO EARNS JACOBS' EYE IN WINNING FIGHT

Plans to Match Beer-Keg Boxer With Handsome Lou Nova

BY GAYLE TALBOT

NEWARK, N. J., Jan. 20.—Round Tony Galento is back in the good graces of practically everybody today, his recent lapses forgiven by the fans and his services eagerly sought by Promoter Mike Jacobs, the man who makes or breaks fighters.

Mike was among the 10,000 awed spectators at the Newark armory last night when Tony knocked out Jorge Brescia, the angular Argentine, in 1:41 of the opening heat, and he broke all existing records in reaching Tony's side and asking him how he would like to meet Lou Nova next March 10 in Madison Square Garden.

The exultant Tony, between proud proclamations that he hadn't had a single beer all day, told Mike nothing would please him more.

"I'll knock Nova out for you, and then get me that Joe Louis," he crowed.

Only one thing stands in the way of a Galento-Nova scrap—the little fact that Nova has signed to fight Max Baer on May 25. Jacobs is willing to take a chance on Nova getting licked by Galento if Nova is. The next move is up to the promising young Californian.

Jacobs had planned on a Galento-Tommy Farr match, but Tony's manager, Joe Jacobs, flatly turned him down after the gallant Galento's mighty lefts to the body made Brescia fold up.

"Look at the way we nearly murdered that guy," yelled Joe. "Why should we fool with a second-rater like Farr? Give us a chance and we'll stop Joe Louis for you before the summer's over."

Whether Tony's that good still is a question. The feeling persists that a man as devoid of a defense as the beer merchant has no business in the ring with a sharpshooter like the champion.

But there's no denying that Tony was impressive enough last night to suit almost anybody.

So far as the naked eye could detect, Brescia did his best to stave off Tony's rushes and to stand up under the blows that smacked into his middle. The finish was a terrific left under the heart that sent the big Argentine to his knees, where he rested and grimaced like a wrestler as he was counted out. Galento's admirers nearly tore the house down.

"Pepper" Martin, Farmer Now, Doesn't Think Of Baseball

OKLAHOMA CITY, Jan. 20.—A shiny new tractor wheezed to a halt in the corner of a field still spotted with snow.

John L. "Pepper" Martin, the wild boss of the Osage, slid out of the driver's seat. He surveyed his latest love, a rich bottomland farm just a hop, skip and jump from Oklahoma City.

"Yeh, we bought this farm last fall," said Pepper. "It's going to be my insurance for tomorrow."

But the stubby St. Louis Cardinal veteran declined to estimate how soon he thought "tomorrow"—the day his stout legs and sharp eyes wear out—would come.

"I'm 34 years old and next season will be my tenth year in the majors," he offered. "But I can still run like hell."

"I've got a good foundation," and he patted one of his thick, muscled legs. "That's what comes from eating plenty of corn bread and beans when you're young."

Pepper headed the tractor and plow into a shed.

"Boy, this is the life. I didn't know plowing with a tractor could be so easy. Sure is fun. Shucks, there's nothing like watching things grow."

What about Junior Munsell, the Indian heavyweight boxer Pepper once bought a half interest in and managed for a time?

Baseball is Pepper's first love, but in past off-seasons he has turned

COOPER TAKES MEDAL HONORS

32 Qualifiers Start First Round of Match Play In Open Tourney

SAN FRANCISCO, Jan. 20.—Prepared to battle par and each other, 32 survivors of the qualifying round paired off today in the first round of match play of the \$5,000 San Francisco Open golf tournament.

Another eighteen was scheduled for the afternoon to reduce the field to eight players by nightfall. Thirty professionals, most of them ranking high in the national round-up, and two crack amateurs made up the field for the opening of the "sudden death" competition.

Topping the man-to-man bouts on the sloping fairways and greens of the par 35-36-71 Lakeside course was the one bringing together the medalist, Harry Cooper of Chicago, and Harold McSpaden, equally seasoned campaigner of Winchester, Mass.

Cooper, pocketing \$250 for the feat, set the qualifying pace with a 65-71-136 to become one of the favorites. McSpaden had a 36-hole total of 143.

The defending champion, Jimmy Demaret of Houston, Tex., also qualified with a 152, teed off against Leo Walper of Washington, D. C., in with 146.

ASHLAND'S WIN STREAK BROKEN

Kent State Stops Eagles 30-27; First Defeat In Nine Games

(By Associated Press)

On the theory that one swallow doesn't make a summer, Ashland's speedy cage quintet is undaunted by the season's first defeat.

Kent State clipped the soaring Eagles' wings at Kent last night, 30 to 27, the first trouncing Ashland experienced in nine tilts.

While the conference game was anything but a run-away, Kent commanded the situation after taking a 17-11 half-time lead. Ashland trailed throughout the second period.

Forwards Wayne Griffith of Kent and Bob Sprague of Ashland divided individual honors with eight points apiece.

A second half rally gave Marietta's Pioneers a 54 to 40 conference victory over Otterbein. The Pioneers held a single point margin at intermission, 22-21. Nesha, Marietta center, bagged 16 units while Spessard, Otterbein guard, garnered 11 markers.

Bluffton ended a losing streak with a 42 to 38 overtime triumph over Defiance. Defiance was ahead at the half, 15-9, and battled the invaders to the finish line.

Findlay's last minute punch proved too powerful for Lawrence Tech of Detroit and brought the Ohioans a close 45 to 43 victory. Lawrence was out front 21-18 at the half. Bob Kerr, Tech forward, scored 16 points but was sent to the showers on personal fouls.

Wilmington crushed Blis of Columbus, 44 to 28.

EL SEGUNDO, Cal.—Adobe, California's first building material, may prove the solution for "dream houses" for the state's indigents. Two have just been completed here as an experiment, with two apartments in each house. They were constructed by relief clients on property owned by the county and will be occupied by two families in each house at a saving of \$26 a month to the county.

PASADENA, Cal.—One warm-loving opossum finally located the steam heating pipes beneath the bathroom of the E. Post home as an ideal nesting place. When discovered a month later by the family, they transferred it to a still warmer place in the oven, where it came out a roast.

Millions at Stake

William Horlick Sidley

Between \$1,000,000 and \$4,000,000 is at stake in a court battle at Racine, Wis., over the estate of the late Mrs. Maybelle Horlick Sidley, maitred milk heiress, who died several months ago at the Toronto, Ontario, home of W. Perkins Bull, well-known Canadian barrister. The court test was brought by Mrs. Sibley's son, William Horlick Sidley, to prevent the probate of her will in which she left \$250,000 and one-third of the residual estate to Bull. Sidley is shown in court in a happy mood.

PLAINS FARMER SEES GOOD YEAR

Kansas, Missouri and Other States "Lands of Plenty" Again

KANSAS CITY, Mo.—The southwestern farmer and stockman have entered the new year with the security that comes with filled silos, corn cribs, and wheat bins and with well stocked pastures and barn lots. The great plains of Kansas, Missouri, Oklahoma, Texas and New Mexico once again are a land of plenty, and although prices of most farm commodities are below corresponding figures a year ago, the grower and feeder now has far more to offer for sale.

Grain prices, late in 1938, slumped to the lowest levels since 1932-33 and there has been little indication of a sustained upturn in either corn or wheat because of expanding volume of offerings in domestic markets and because of instability in foreign trade. Most farmers, however, have been inclined to accept the reductions philosophically, and have made little effort to market their corn and rough feeds except

through livestock. The wheat has been placed in bins for storage and the cash volume of the bread grain at the Kansas City Board of Trade has been less than a third of the volume of last year. Traders stress that such action indicates the farmer is in a strong position and that he is in no immediate need of cash income, depending upon other sources for his sustenance.

There is most optimism among cattle feeders, who have good to choice quality beefs on feed and ready to be sold within two months. According to the bureau of agricultural economics there is a slight increase in the number of cattle on feed in the Corn Belt states, but the demand from packers and order buyers has continued to show improvement, despite a larger visible supply than usual. This is regarded by farm leaders as one of the most encouraging factors in reflecting improved business conditions.

SUPERIOR, Wis.—Mrs. Mary Pastoret, long a resident of this section, insists that she is the holder of a record of some sort or other. When questioned she proudly displays an incandescent lamp which she purchased 40 years ago. She insists that she has burned the lamp each night as long as it has been in her possession.

ISALY'S

OAKLAND, Cal.—Two of the largest marble murals in the world have been completed in the lobby of the Alameda county courthouse by the WPA Federal Arts Project. Twenty-six variegated types of marble from all over the world were cut into patterns and fitted jigsaw

puzzle fashion into the two huge murals. They were suggested by similar marble decorations used during the early Roman Empire.
